#### **Regarding the orderbook**

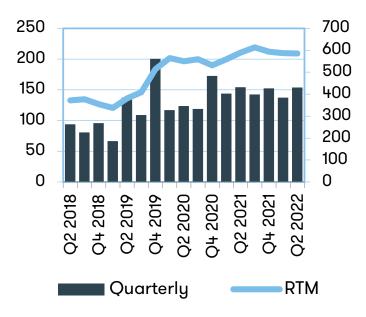

- Deliveries of our products take place with various time perspectives.
- For products under the INVISIO brand deliveries are usually within 2-6 months.
- Deliveries of products under the Racal Acoustics brand - often lie further in the future - a first part-delivery to be within 6 months and the following deliveries after 1-3 years.

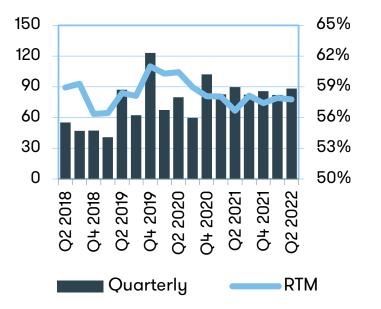

#### **Continued component shortages and transport challenges**

Sales per quarter and rolling 12 months (MSEK)

**Gross profit** per quarter (MSEK) and rolling 12 months (per cent)

#### Another contract with UK MoD

Three-year In-Service Support contract with the UK MoD renewed in April – holding an option for another two years.

Three larger orders and agreements with the UK MoD in 2022.

#### **Greater geopolitical uncertainty**

Substantially increased defense budgets in coming years.

- Short term: limited impact on INVISIO.
- Long term: larger budgets and more soldiers will mean an increased demand.

The need for modern communication equipment with hearing protection is great in many countries and larger budgets will allow faster roll out.

#### Continued positive expectations for 2022

INVISIO

Supply and deliveries in the first half of 2022 have been challenging.

A gradual return to more normal conditions in the second half of the year and a continued strong intake of orders.

Focus on marketing of our numerous new product solutions, while we intend to resume our geographical penetration and expansion, above all in Asia.

Well-positioned to benefit from the increasing defense investments.
